Computer Technology

“Discover Choices” and “Create Success” are two principle goals of Washington County Community College. The Computer Technology program (CTT) at WCCC helps students entering the field of Information Technology achieve these goals. This two-year Associate in Applied Science degree program provides students with a broad-based education in numerous areas of the computer field.

Discover Choices: CTT students gain extensive hands-on experience in computer operation, diagnosis, repair, networking, and programming. Students explore a wide range of Information Technology disciplines including:

- Microcomputer Hardware
- Microcomputer Operating Systems and Applications (Windows)
- Computer Networking
- Programming
- Database
- Windows Servers
- Virtualization
- Web Design and Administration

CTT program graduates, enriched by an Associate Degree and an MTA certification in Windows Networking, can choose to enter the IT workforce or continue their education at a four-year college or university.

Create Success: Many CTT graduates are now successfully working in IT at companies in the Washington County area including:

- Machias Savings Bank
- Calais Medical Center
- Lubec Medical Center
- Axiom Technologies, Machias
- The Passamaquoddy Tribe
- Inverter Central, Perry
- Washington County Community College, Calais

Other CTT graduates have chosen to use their WCCC college credits to continue their education and have been accepted into bachelor degree programs at such universities as:

Washington County Community College is an equal opportunity/affirmative action institution and employer. For more information; please call Tatiana Osmond, Affirmative Action Officer, at 454-1040

To assist with student success in the CTT program, WCCC offers:

- Affordable tuition
- Experienced instructors
- Small class sizes
- Course materials selected from IT industry-standard certification programs (Comp TIA A+ and Network +, Cisco CCNA, and Microsoft MTA and MCSA/MCSE)
- Academic and personal counseling services
- Developmental classes to enhance and refresh basic academic skills
- TRIO Student Support Services Program to help students stay in college, succeed, graduate, and ultimately transfer into the IT workforce or a four-year college program

Computer Technology
Associate in Applied Science - 61 Credit Hours

	Course Title	
Semester 1		
CTT100	Microcomputer Hardware I	3
CTT110	Micro Computer Operating Systems & Applications	3
CTT140	Introductions to Computer Networking	3
ENG101	College Composition	3
FYE100	First Year Experience	1
MAT127	College Algebra	3
	Total	16
Semester 2		
CTT130	Introduction to Computer Programming	3
CTT157	Introduction to Network Security	3
CTT155	Advanced Computer Networking	3
CTTXXX	Computer Elective	3
Elective	Humanities Elective	3
	Total	15
Semester 3		
CTT120	Database Structure and Development	3
CTT245	Computer Network Installation/Configuration	3
Elective	Social Science Elective	3
ENG210	Technical Writing	3
MAT115	Statistics	3
	Total	15
Semester 4		
CTT250	Microsoft Certification Preparation	3
CTT255	Server Operating Systems	3
CTT260	Computer Capstone Project	3
Elective	Humanities/Social Science	3
General Elective	General Elective	3
	Total	15
